

To whom it may concern-

I am writing to inform you of the importance K-Love & Air1 Radio plays in my life. Music is an international language that all people enjoy. I listen to the radio 8 to 10 hours a day, 365 days a year. Through it, I stay informed of current events and local news and am comforted by it as a backdrop to living life.

The culture we live in today is a stressful one. The pace of is so accelerated when compared to the environment I grew up in. Any infringement upon the broadcasting of this or any radio station would simple add to the stress we already endure daily. It can and does have a soothing affect when times are excessively stressful.

Please do not allow this new format of radio to over-ride existing radio stations, and thus deprive us of the current stations available over the airwaves. Feel free to contact me regarding this issue.

Sincerely

Nic McLaughlin
